	Type of product	Gin
	Country	Spain
	Regulated designation	Autre
	Region	Alicante
	Subregion	Alcoy, Costa Blanca
	Alcohol percentage	45%
	Colour	Colorless

TASTING NOTES

Nose: Remarkable aromas of peach mingle with the intense notes of juniper.

Palate: Soft and balanced, the peach blends perfectly with juniper and citrus notes.

PRODUCT NOTES

Blossom Peach, a premium and authentic gin inspired by the Sierra Mariola natural park and the blossoming of Spanish orchards, is made in Alcoy (Costa Blanca) using a traditional method. Distillation is carried out in small batches of 250 litres in a traditional copper still. Produced from a high quality Spanish grain alcohol and a natural peach distillate, it benefits from a quadruple distillation which gives it freshness and aromatic intensity.

PRODUCTION NOTES

Blossom Peach is a tribute to Spain and its landscape of blossoming peach trees. The freshly picked peaches are macerated for 7 days before going into the still. Refreshing and light, the peach adds sweetness and delicacy to the gin.
